Introduction

1

School Sport Victoria, as part of the Department of Education, delivers an **extensive school sport program** to primary and secondary students across Victoria. This document provides an overview of the School Sport Victoria 2025 School Sport Program available to Victorian school members and students.

School Sport Victoria's Strategic Directions 2020 to 2030, aims to provide a clear direction for School Sport Victoria to **engage more Victorian students** in school sport by creating **more opportunities to participate** and **addressing future challenges**.

Participation in sport can provide many positive physical, mental and social benefits. More **physically active students** have been found to achieve **better academic results** and **physical activity** has been positively linked to **concentration, memory** and **behaviour**.

School Sport Victoria's role is to enable students to **PLAY** sport, champion the **VALUE** of school sport, and **CONNECT** school and community sport. As part of this role, School Sport Victoria provides inclusive and accessible participative and competitive opportunities in school sport to involve a wider range of Victorian students.

School Sport Victoria supports schools to maximise opportunities for all students to play sport. Each year, more than **2,500 Victorian primary, secondary** and **specialist schools** access the wide range of school sport programs and **benefits** provided through School Sport Victoria.

School Sport Pathway

School Sport Victoria's role includes providing opportunities for students to play sport and connecting school and community sport.

School Sport Victoria provides students opportunities to play sport from local through to national levels, whilst enabling connection to community participation pathways.

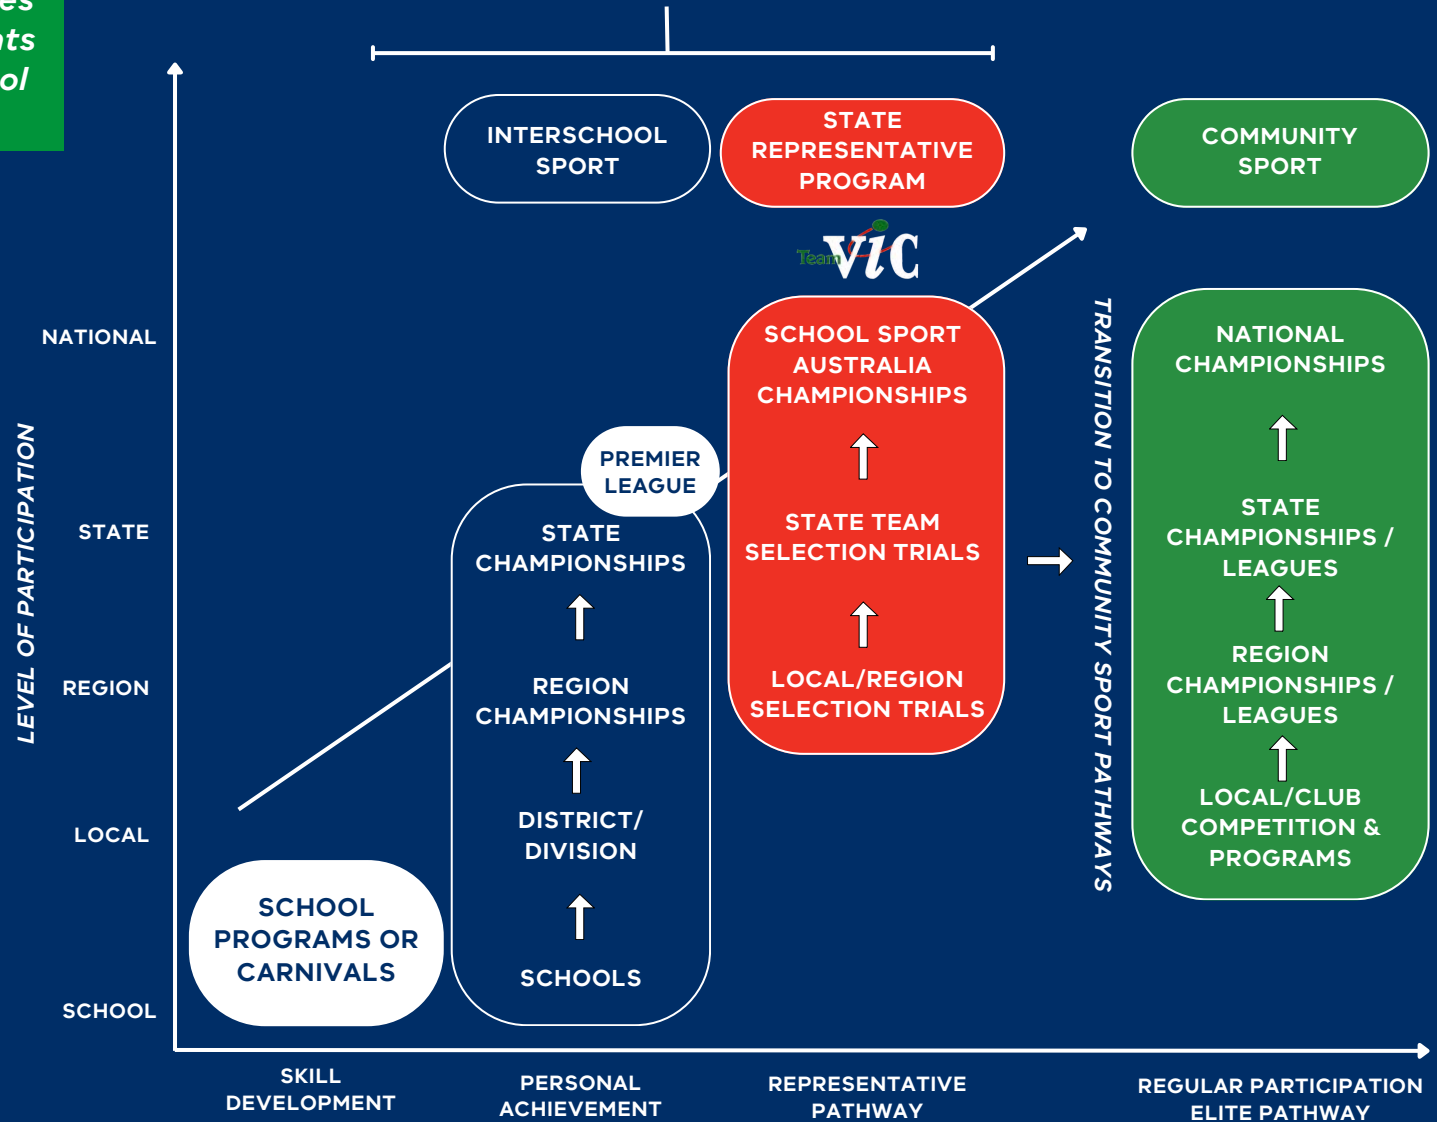

School Sport Victoria offers a range of ways to engage students in sport and being active, which includes:

- SSV Interschool Sport
- SSV Team Vic

The range of sports and activities provided through School Sport Victoria aligns with opportunities through community programs and pathways – whether this be at the grassroots level or talent development pathways.

This alignment includes consideration of the format of sports and activities offered at primary and secondary school level.

SCHOOL SPORT VICTORIA PROVIDE STUDENTS OPPORTUNITIES TO PLAY SPORT AT DIFFERENT LEVELS

School Sport Victoria

INTERSCHOOL SPORT

School Sport Victoria delivers a **comprehensive interschool sport program** for Victorian students in years **4 to 12** to represent their school, with competitions organised across eight (8) School Sport Victoria sporting regions.

The interschool sport program offers a pathway for school teams and individual students to progress through levels, from local interschool competitions and events, to State Championships. This is organised across **four (4) levels being district, region, division and state in primary school** and **three (3) levels being region, district and state in secondary school**.

Schools are allocated to a local district (primary)/division (secondary) within one of the eight sporting regions.

School Sport Victoria's **interschool** sport program is delivered either through a **statewide network of 350+ SSV Coordinators** or **partnerships with state sporting organisations (SSO's)**.

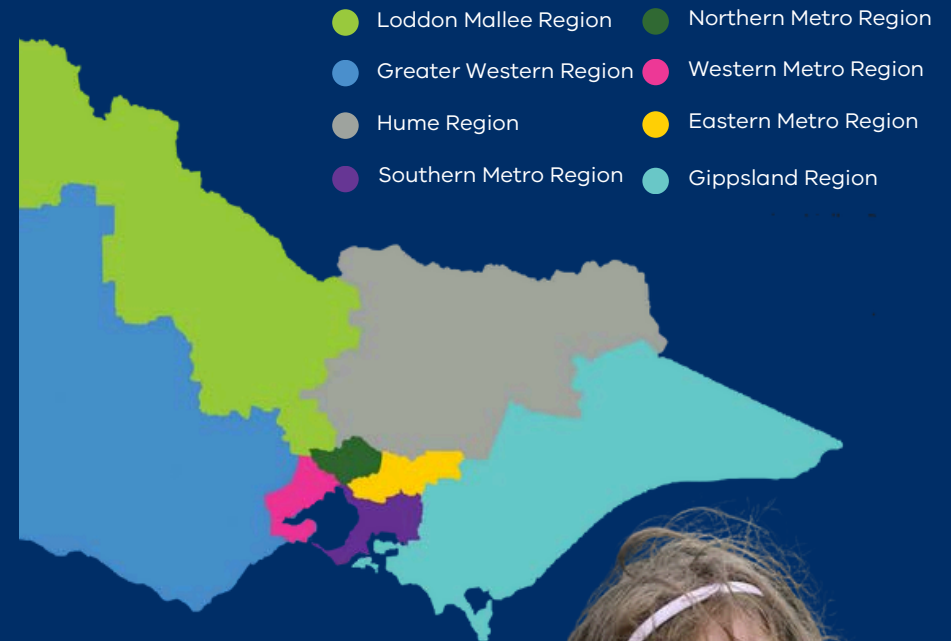

School Sport Victoria addresses the needs of students with **disability** to participate in school sport through **multi-class** opportunities provided across a range of sports.

School Sport Victoria also offers a **Premier League competition** which cater for secondary schools, including sports specialists' school, that have high performing students for selected team sports.

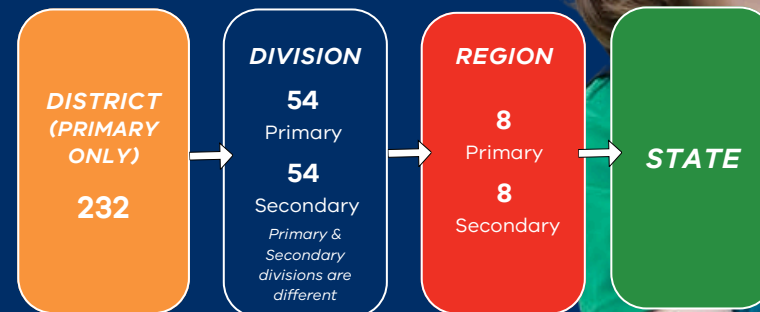

Some SSO's deliver **all schools championships**, which are open to all Victorian schools to enter. These are separate to SSV's State Championships offered across interschool sports program.

Further information is available via School Sport Victoria's policies including **Competitions Pathways and Progressions**, and **General Conditions of Competitions**.
